HOW MUCH DOES IT COST?

The following table shows the fees and expenses you could pay to buy, own and sell units of the fund.

1. SALES CHARGES

Primerica offers this fund on a Deferred Sales Charge basis only.

HOW IT WORKS

- ◆ When you buy the fund, Primerica pays your Representative a commission based on the amount you purchase.
- ◆ No sales charges are payable by you when you buy the fund.
- ◆ You can sell up to 10% of your units each year without paying a sales charge.
- ◆ If you sell more than 10% of your units in a year, you will pay a sales charge depending on how long you have held the units.
- ◆ No sales charges are payable on a Death Benefit or at Maturity.
- ◆ The sales charge you pay is based on the original purchase amount, not the value of the funds on the day you sell them.
- ◆ If you sell units, the units will be sold in the order you have purchased them.

2. ONGOING FUND EXPENSES

The Management Expense Ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You don't pay these expenses directly. They affect you because they reduce the return you get on your investment.

Common Sense Fund Asset Builder II is offered with a 75% Death Benefit /Maturity guarantee. The MER is 2.60%. For details about how the guarantee works, please see the "What is the Guaranteed Maturity Value" and "What is the Guaranteed Death Benefit" sections of the Information Folder and Contract.

For the first 7 years after you purchase units in the fund, Primerica pays your representative a trailing commission each year of up to 0.40% of the value of those units. If you hold units for more than 7 years in the fund, Primerica will pay your representative a trailing commission each year of up to 0.80% of the value of those units for as long as you own the fund.

3. OTHER FEES

In this case the right to cancel only applies to the new transaction.
